TEE SAMOAN AFFAIR.

Cfficial Correspondence on the Subjeon Senn no the Senate.

tions to Admiral Ximperley.

Doing Argo's Account of the Defeat of a s Countrymer.

Secretary Bayard's Response to the German Minister.

The Samoan Difficulty.

Washington, January 6.-Among correspondence concerning the affairs in Samoa referrect to in President's Clevelanc's message, transmittee to congress ney, in a cable cated January 11th:

Commune et Nu en of the Nipsic te e ing projects, and that the property and officers in communication and that portion of the natives of ernment is willing to colorerate in re- no change, and no intimation of dissent storing order in Samoa on the mais of therefrom by the government of Gerpreservation of American treaty many since has time had been received. rights and Samoan autonomy, as recognized and agreed to by Germany, Great Britain and the United States, and has so informed the German government.

wise inform yourse? as to the situation they transpire from day to day. and all recent occurrences, and protest against the subjugation and displacement of the native government of Samon by Germany as in violation of the protective agreement uncerstanding between the treaty powers; but inform the representatives of the German and British governments of four reactiness to co-operate in causing all treaty rights to be respected and in restoring beade and order on the incependence. Euceavor to prevent extreme measures against the Samoans and bring about a heaceful settlement. . suca arrangement can be made upon taat basis you will report the same for approva, and you wi inform the government as soon as possible after your arriva in Samos of the condition of affairs and the prospect of peaceful acfustment, and whether Germany was acting impartial y between the opposing and forces which the late conflict occurred.

On January 12t / Secretary Bayard acdressed a communication to Count Arco, German minister, in repy to a statement was substantia y as to ows: The German forces anded at Samoa after the German commander had given notice of the American and British men of war, German plantations were in canger. Upon landing the Germans were attacked by Samoans under the command of Klein, an American citizen, and lost fifty therefore amnounced by Germany, and as an American is a leged to have been in command of the attacking Samoan forces Count Arco is instructed to make complaint to the United States. The treaty rights of the United States and all the rights of the treaty powers shall be respected under all circumstances. The an active way to restore calm and cuien,

In response Secretary Bayard says as a, once communicated to CountrAtco, on becoming aware of the all egations that the Samoan forces were led by an American named I ein, but he had no know. edge whatever nor reason to believe that Klein was a citizen of the Inited States. "I was certain," continues the secretary's letter, "that he was not and never had been in any way connected with the bublic service nor acting under color of precense of its authority. Instructions givenato officials of this government at Samoa have never been devlated from. Those made public, and which were well known to Germany and Great Britain, to maintain neutrality in Samoan amairs and confine their action to good offices in the maintenance of order in :aese regions and securing protection for American cit zens and haeir interests."

the German instructions orders tad seen tary organization and arranged arms to given by the president looking to the be provided and expenses paid. Genera. Palmer, the defeated candidate for governor of lineis, is to have the complimentary vote of the democratic members of the assembly for United States senator The empty honor is rather cold comfort.

Few state papers have been so highly and so generally commended by the press and people of the state as the inangura, address of Governor Cooper. 27 every word of praise it has received.

Prof. Chas. M. Carter, superintendent known until then. of the public schools industrial drawing department, called at the GAZETTE office yesterday to extend his congratu alions ubon our new year's edition. Prof. Carter says that the illustrations are highly artistic and the printing in colors nove. and effective.

The next administration proposes to carry out the policy of the republican platform regarding the surplus by beginning to purchase immediately the 44 per cent bonds. There are now unreceemed is proposed to anticipate the interest in order to take some of these up.

mac it not been for the unexpected revote of Vice President Morton. When he senate is called to forcer on March 4 it will be composed of thirty-eight elected republicans, thirty-seven elected cemocrats and one republican senator to be appointed by the governor of New Hampshire to succeed Mr. Chandler.

When Mr. Raixes, the distinguished zent eman who presides over Great Brisain's posto ice cepartment, announces as le cid a 'ew days ago that he United States is the only civilized country on the face of the globe without a parcels post, le displays an amount of ignorance which is surprising. Parcels were carried by the United States many years dently very limited.

The New York Tripune says editoria...y: "Governor Adams, of Co oraco, has written a thoroughly sensible message, in which he brges the uselu bese of h.za icense iawa with acmirabe clearness. Limit the field of temptation,' he says, and you will reduce the numper of the falen. To do this, I snow of no way so effective as the lower of taxation.' These words have the more nence as a temperance man.''

Lissaid that the senior senator from Pennsy vania is sulking in his tent. Tais is not surprising since the ascending Quay star threatens to totally eclipse the Cameron star. Not only has Senator Quay by his master y management of the national campaign become one of the most popular men of his party out he has to lowed it up by assuming control. of his state legislature. The organization of that body has been carried out on a distinctly Quay programme. All of which Don Cameron and his distinguished father naturally view with of sea newor mess vert ruc eruses cars

One of the most important events bearng on the annexation of Canada is the recent municipal contest in Windsor. Ontario. Mr. Sol. White, an ex-member of parliament, ran for mayor on a platform the main plank of which favored annexition to the Inited States. Tais is the first time the question has been made an issue in politics. Yany sympathize with Mr. White, but think the time to opportune for the agradon. As a result, he may not have notice the full party strength. There were four cancicates but on y two, Twomey and White represented the opposite sides of this issue. The former received 🐼 votes and the latter 426. This was a very close vote and indicates the weakening. of the bond with England. The end of the nigeteenth century is likely to see a. the people of North America under one zovernmen.

cause the Inited States would then by at light in in an in-

about to follow Mr. Besant's "Du ony of Richard Leffertes" with a volume of efferies' uncollected papers under the applicate of "Field and Eccycrow," in waica wil appear the steat essays of te Inglishman who best continued he tracition of White of Selborne. Among the subjects are "Hour of Spring," The Makers of Summer," and ""me of Year," which are treased with the sym-

Some of our offizens met. Mr. C. E. Jones in the fall of 1887 when, as president of the National Educational associhe has assumed editoria, charge of the St. Louis Republic. Le actnowleczes the receipt of a New Year's GAZETTE in a personal errer and encloses a copy of his notice of it in the St. Louis Republic. He says in this notice:

It is doubtless generally known that there are thriving towns scattered a l along the foot-818', 300,000 which is cue in 189'. It hills of the Rocky mountains, but compara-Aurora, ill selection and c tively few people really appreciate the substant.a. character of the improvement golog forward in that quarter. Nothing could more clearly show the wonderful strides of progress than the clustrated New Year's edition of the su in Delaware the next United States Colored o Springs GAZETTE, which comes to The senate would be republican only by the Republic printed as mandsomely as any of its tions are printed in colors and show that the city is well supplied not only with a first-class printing establishment but also with handsome Maiden. Mass buildings constructed in the most modern style. The trade review indicates a rushing bus ness, and the fact that more than 4500,000 worth of new buildings were erected ast year shows how the town is going abead.

> The reception which has everywhere pota at home and abroad met the New Year's edition of the GAZETTE Das Deen a matter of much gratification. Among Lie many complimentary notices waica it has received as the following from the New York Tribune:

On the first of the month the Colorado Springs GAZETTE published an annua. before the English mails. Mr. Ralices' review of the incustrial and social dovelknowledge of our posts, affairs is evi- ment of that beautiful town. The issue is creditable a litero the GAZETTE and to Co. orado Springs, which is chiefly known to easiern people as a delight'u health resort. Accompanying the saue are inree arge sheets containing we executed co ored views of the principal streets and buildings of the city. They revea a knowledge of lasteful and correct architecture not a ways found in we, se tied eastern towns.

Danie Dougherry, the silver-tongued orator who nominated Grover Cleve and at St. Louis last June, is affaid that has force because of the governor's promise is being forgotten by the beoble of this country to he had himself interviewed the other day. In this interview about everyling in general and nothing in particular, Mr. Dougherty speaks in holy horror of the rottenness of Pennsylvania of 18,700 to each. Estimating the inpolitics. The silver-tongued man, who crease to date at 50 per cent, their pieswas a few years ago a residen; of Phi adelpina but is now aving in New York, seems to be aux ous to lave it understood that he is gratulating himself upon getting out of the cirry mire of Pennsylvania pour rice and into the purified soil of New York. When he was eighteen years of age he

was twenty was he allowed to settle in Lerosic p stacy be biano. He imagines. he could improve the strength of his such an unexamples force would have paire finger by a mechanical confrience upon him the eyes of the civi ized world, of his own. He ruined his prospects as a player and lac to turn his attention to musica composition and crime sm. The work ex not one any ning by Some mann's experiments on all unformate taire finger Le worked rapidly in this direction, for after contributing to an establec musica ourna, we fue him when on y twenty four years o'c establishing a journa of his own. He is one of the comparatively 'ew profound musica craics, and even his enemies acmi-"lat he was as severe in the treatmen, of ais own compostions, as in he juckment of the work of others. Els frs great symplony appeared when he was thirty-one, the age at which Schuber ciec. Schumann married he daughter of his biano forte teacher, and among he Volaun veri are changement, parcecu'i people of last generation C ara Schuetait caus l'autre sens. Le Journa, ces mann was as famous in execut on as per Ausoand was in composition. Indeed no smal part of his success was owing to the brillant interpretation of his works by his accomplished wife. Inize Schubert's his fe was fairly Mr. Sumner. This is a complete change, successful. Le was a professor la Mence.sson's conservatory of mus c as Prinsic, and afterwards necause musical director at Dusseldorf. He did good original werk and prepared the way for the music of to-cay. But when only forty-taree years of age, what a great career yet before a.m. _e was at aczec with disease of the brain, or rather the There will be considerable shuffing decline of his mental powers, in consearound among the business houses of the Quence of this disease, became so pro-Desieve in beace. This is my stance city during the next few weers. The nounced as to info him for public life, large number of new store bulleings and after three miserable years he cied being erected will occasion many remove at the early age of for year. Well may als, and finere is someraing of a scram- we say "poor Schiber", poor Schimagn." my country to be able to exercise the in. He going on to get suitable rooms. But their mast is brillant and loyous. Among the changes that we, take place if their lives did go out in house and in

culty the corner next forwhere they are week. The ball is to be given in Weder AL Coruca name year Late of Late Mr. Eure C. Persins left for Calcago ing, and will be the opening enterally

. a great staccess.

Various Designs-Ten Gowns and Negligees and Other Matters Dear to the Heart of the Average American

[Special Correspondence

NEW YORK, Jan. O.-Thespringshopmania is now about commencing, and " is amusing to water the air of pent up excitement that possesses the _ the mothers and wives who are getting ready for pargain numbing, for it is just between seasons that the best pargains are to be obtained. The oc season's goods are sold for what they will bring,

WHITNEY'S TEA GOWN AND THE

PRETTY GIRL ing reacy cash to replenish and also to make foom for new stock. A The Dest nonses do 118, and all standard goods change little with three or four seasons, so har it is worth hunting for such valuable rame. And besides, there are remnants oug enough for complications, and column's clothes for a most nothing compared to the origina cost. These _tt_e pargain numbers anow his district

Tis estimated that one million women make the tour of this retail dry goods route caily, and I believe it, only I think from the constant crowd, twenty and mirty cees, from morning in night, tast the number is underestimated. Every one of these women will spend al the money she has, and if her husbanc's crect is good sie wil spend more yet and have the our sent in, so that a safe average is that every one wil spenc a colar a cay. That makes a comfortable sum a monta, con't it? Traseps the men's noses to the grincstone, and that is good for them, for f Liey were not coing something useful they might get into mischiel.

Le newest si as of his season are a soft armure, and the plain gros grains, with a satiny mboed hinish; beau de soie, which is soft and elastic; falle Francaise and many styles and colors of procades. nearly se approaching the ancient silks. There are also moires and surans. Silks vary from 60 cents to \$50 per yard. Drap C'Alma and drap c'ete are regaining popu.ar.ty, and chevrons, armures and oas-Met weaves are a. among the newest importations, as well as heavy nun's serge, a. in place and colors. Woolen 3000s cost a the way from 12 cents to \$2.50 per yard. The silk warp Lengertas are \$. 70 \$2 per yard, and good cash-

NEGLIGEES AND HOUSE SACKS. meres and woo. Henriettas can be bought from 45 cents to 60 cents per yard, 44

Euttons have not been seen for several months on the nancsomest toilets, hoots and eyes or some other occult means holding them together, but now there are new styles in outtons, so very nancsome and artistic that the hears of woman has released. Some of them cost ≈ aplece, and are set with garnets. One Lovely set of outtons (for they come in sets arge and ama has a mother of pear, foundation, pordered with a ring of chasec gold, with tiny gold and steel fans set in the center. Think may sale v state that outtons are 'in" again.

The year eress goods of the eesson is the six and woo alpaca. 📑 🎩 to to had in hade, white and at the solic colors now in vogue, and write, pare pink, sue or other the, whi may squres and souque? stamped upon it in natural colors with exquisite coloring and detail.
